CENTRAL OHIO

WHEN CANCER COMES TO WORK
EMPLOYER PARTNERSHIP

A PERSONALIZED SUITE OF SUPPORT SERVICES FOR EMPLOYEES AND THEIR FAMILIES

ABOUT CANCER SUPPORT COMMUNITY

A Global Leader in Delivering Professionally-led Services for Patients, Caregivers, Employees and Their Families

Cancer Support Community is the only national organization that has a dedicated research institute focused on the emotional aspect of cancer that provides research-based programs and services designed to address social and emotional concerns that impact the patient – and all those who surround him/her – as a result of a cancer diagnosis, leading to better health outcomes and improved quality of life.

Cancer Support Community Services

- An essential part of cancer care
- Available for all cancer diagnoses, across full continuum
- Family, caregivers, children, co-workers
- Integrated emotional and social care and support
- National reach: 175 locations

Cancer in the Workplace

- Cancer survivors in the U.S. are expected to increase:
 - Today: 16.9 million
 - 2026: 20.3 million
- 46% of people newly diagnosed are working age (20 – 64) ¹
- 80% of working-age survivors return to their jobs
- 20% of cancer survivors still report work limitations affected by cancer-related problems 1 to 5 years after diagnosis ²

Our Mission

To ensure that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.

1. American Cancer Society, Cancer Treatment & Survivorship Facts & Figures 2016-2017, 2016
2. Northeast Business Group on Health, Cancer and the Workplace: The Employer Perspective, 2015

LANDSCAPE

- 2010: Cost of cancer to U.S. employers was approximately \$264 billion per year in medical care and lost productivity³, which does not include the cost of absenteeism and work re-entry
- 2017: 855 cancer discrimination claims were received by the Equal Employment Opportunity Commission⁴

Cancer Support Community's National Research and Training Institute:

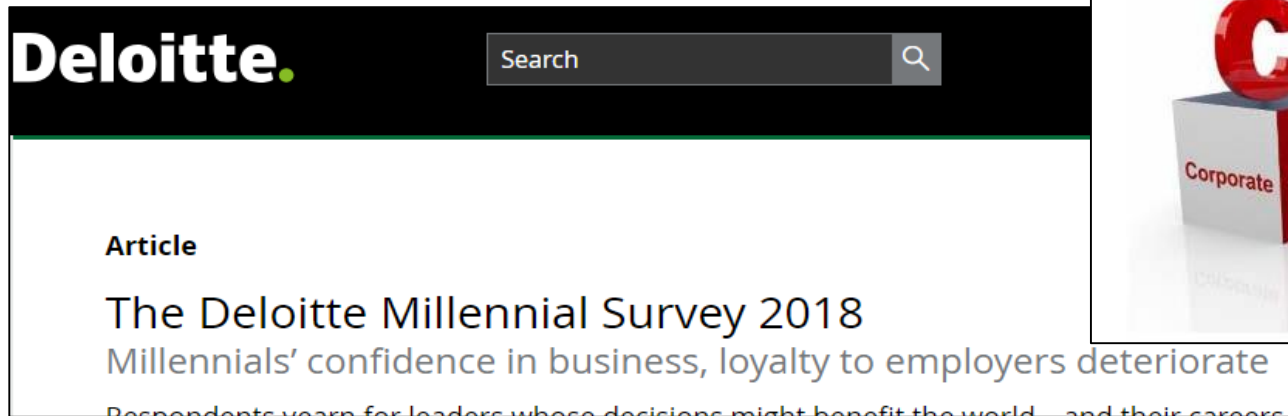

- Top Concerns: Patients/Survivors
 - 59% Worrying about the future and what lies ahead
 - 52% Exercising and being physically active
 - 51% Changes or disruptions in work, school, or home life
- Top Concerns: Caregivers
 - 68% Worrying about the future and what lies ahead
 - 57% Pain and discomfort of patient
 - 54% Feeling sad or depressed,

SNAPSHOT OF THE TRENDS

- Cancer Support Community understands the employer's concern for cost, value and efficiency
- Employers care about and value employee engagement and retention
- Employees who feel appreciated have a sense of shared purpose
- Top employers understand that:
 - Culture and values are important to success
 - Supporting employees and their families is a game-changer
